## F.D.R. MEETS MACARTHUR AND NIMITZ

### PRESIDENT HOLDS CONFERENCES WITH PACIFIC WAR HEADS

MEETS NIMITZ AND MACARTHUR IN HONOLULU AFTER SEA TRIP

By HOWARD FLIEGER  
HONOLULU, July 29.—(AP)—President Roosevelt concluded his first war-time conference with Gen. Douglas MacArthur today, bringing to a close three days of strategy talks that covered every phase of the tickling Pacific conflict.

The Southwest Pacific commander was greeted with a friendly "It's good to see you Doug," by the chief executive.

Mr. Roosevelt arrived July 26 at this fortress island, where two and a half years ago Japanese bombs blasted the United States into the war. He came here from the marine base at San Diego, Calif., where he boarded a cruiser shortly after his July 20 speech accepting renomination for a fourth term.

With MacArthur at the Pearl Harbor conference table were Admiral Chester W. Nimitz, Pacific fleet commander, and other top-flight war chiefs representing the full scope of the Pacific campaign from pole to pole.

Later Mr. Roosevelt told reporters the meeting planned new offensives against the Japanese, and he reiterated America's Pacific war goals: To retake and free the Philippines and to drive Japan to unconditional surrender.

Visits Pearl Harbor

The chief executive, coupled with his conferences detailed visits to Pearl Harbor and other military installations, converted from the Japanese-wrought havoc of Dec. 7, 1941, into a land bristling with land, sea and air fighting power. He termed the conversion "the most amazing change" he had ever seen.

Admiral Nimitz and General MacArthur—the latter wearing a leather field jacket—went aboard the president's ship to greet the chief executive as soon as he arrived at Pearl Harbor.

"It's good to see you, Doug," the president said to MacArthur as the two men came down the gangplank into a navy yard teeming with sailors and workers. The crowd applauded.

With them and Nimitz in later conferences were Admiral William F. Halsey, commander of the third fleet; Lt. Gen. Robert C. Richardson, Jr., Central Pacific army commander, and war chiefs representing the North, South and Southwest Pacific theaters.

### IOOF GRAND LODGE BOARD IN SESSION HERE THIS WEEK

CHAIRMAN SAVAGE SAYS EVERYTHING AT HOMES MOVING ALONG NICELY

"Everything is moving along nicely for the Homes and the Order," W. T. Savage, Dallas, chairman of the board of trustees of the Grand Lodge of Texas, IOOF, and the Homes stated Thursday morning following a session of the board here Wednesday evening. Another short business session was held Thursday morning. Several members of the board visited John C. Hughes of Corsicana, a former member of the board, Thursday. Hughes has been ill.

Arrangements were perfected Wednesday evening whereby the children of the Home will attend the Corsicana Schools again this year. Judge Savage stated. This arrangement was in force last term. W. P. McCammon, chairman of the Corsicana board of education, and W. H. Norwood, superintendent, met with the board.

General matters were considered, according to the chairman, and the Homes and Order was being generously remembered by bequests of Odd Fellows.

A number of the officials visited the Old Folks Home in Ennis Wednesday en route to Corsicana for the August meeting.

Mr. and Mrs. R. T. Bedell, superintendent and matron, respectively, have been in charge of the Homes since August 1, coming here from McKinney, Texas.

Among those attending the meetings here were Judge Savage, O. E. Baenke, Fort Worth, vice chairman; Earl Orebaugh, Tyler; J. O. Cobb, Hillsboro; J. O. Cobb, Waco; Mrs. Mary Ramsbarger, Wichita Falls, and members of the board. B. A. Carter, San Angelo, grand master; Jane Apple, Dallas, president of the Rebekah Assembly of Texas; S. M. Williams, Dallas, grand secretary; and Mrs. Boyd Howard, El Paso, president of the Rebekah Advisory board.

An announcement said "a number of people were injured."

### Doughboys Make Themselves At Home In France

By EDWARD D. BALL  
LE MANS, France, Aug. 9.—(Delayed)—(P)—American doughboys made themselves at home in sidewalk cafes and restaurants today within an hour after they rolled into this city atop tanks, but rifle fire still sounded in the southern residential sections late in the day as mop-up squads dealt with a few remaining German snipers.

The American entry followed destruction of a mile-long enemy column which was hurrying to the defense of the city last night.

The Germans began withdrawing from this important bastion 110 miles from Paris Monday night. After Tuesday night's debacle the remaining defense forces sent flying squads through Le Mans tossing grenades and through doors and windows in an effort to fire the city.

But the attempt failed, and the Americans found destruction far less than at Rennes.

While the commanding general was having mess early tonight among the pines, palms and flower beds of the grassy city park, snipers' guns popped within earshot.

Maj. Thomas P. Brooks of San Antonio, Tex., whose force ran into an enemy column, declared: "The Germans fought plenty hard but they didn't have a chance to make a stand."

The reception the doughboys got here was moving.

A half dozen GI's galloped down the main street astride beautiful steeds. They were having the time of their lives and when somebody asked what was the idea they yelled: "We're mounted."

Germans Counterattacking.

The Germans were reported counterattacking savagely as the prospect of Red army invasion of East Prussia mounted hourly. The most frequent German intrusions were made at the advancing Soviet forces coming east of the border town of Schirwindt and northwest of Mariapole, and along the flank of the widening Latvian corridor.

German broadcasts said every German soldier and woman had been sent to the front.

On the approaches to Le Mans I counted at least 20 German tanks, some fire-blackened and others apparently untouched. It was likely that the crews of the latter abandoned them when the tanks ran out of gas. Many fell victims to our air force.

### RUSSIAN TANKS AND AIRFORCE BLASTING FORWARD IN LATVIA

#### VISTULA RIVER BRIDGE-HEAD ALSO WIDENED AGAINST HEAVY FIGHTING

By DANIEL DE LUCE

MOSCOW, Aug. 10.—(AP)—Soviet tanks, supported by bombers, rammed forward toward the Latvian port of Liepaja today in a new drive that carved additional chunks out of the Nazi's Baltic flank.

At the same time Marshal Konstantin K. Rokossovsky's forces, despite the bitterest German resistance of the entire summer campaign, extended slowly but inexorably their Vistula river bridgehead below Warsaw, and exploded a troublesome Nazi salient north east of the Polish capital.

Rokossovsky, held at bay with a heavy shot of Warsaw, shoveling the Germans back northward of Siedlce, seemingly in preparation for an offensive to by-pass Warsaw.

In the drive toward Liepaja, the Russians seized communications lines around Auce, 70 miles east of the Baltic port, Riga, an even greater prize, was the goal of another Russian column battling farther north.

The Red army seized more than 700 settlements yesterday, a Russian war bulletin said, killing more than 3,800 Nazis and knocking out or destroying more than 120 enemy tanks. It was the ninth straight day the Russians had recorded loss of more than 100 tanks by today.

The reception the doughboys got here was moving.

A half dozen GI's galloped down the main street astride beautiful steeds. They were having the time of their lives and when somebody asked what was the idea they yelled: "We're mounted."

### U. S. SUBMARINES HAVE SUNK 16 MORE JAPANESE VESSELS

By OVID A. MARTIN

WASHINGTON, Aug. 10.—(AP)—Faced with the possibility that the war in Europe may end before long, the war food administration is wrestling hard with a question of whether it should soon begin putting the brakes on food production or keep the throttle at full steam.

A decision will have to be made soon, so that farmers can plan future production accordingly.

The WFA is divided into two schools on the production issue. The division largely reflects the agency's dual responsibility of meeting greatly expanded war needs and of protecting farmers' markets against price-depressing surpluses.

It will be up to food administrators like Marvin Jones to decide between these two views, or to effect a compromise.

At the bottom of the issue is the uncertainty as to future military and foreign relief needs.

Large stocks of concentrated food have been accumulated to meet these. No one seems to know just how large the stocks are. Figures on military stocks are being kept a secret.

Rough semi-official estimates nevertheless place government-owned stocks of concentrated foods here and abroad at between 15,000.

See FOOD, Page 6.

### War At A Glance

By The Associated Press

FRANCE — Allies extend drive toward Paris, to 175-mile front; reported within sixty miles of the French capital.

PACIFIC — President Roosevelt ends three-day conference on Pacific conflict with MacArthur and Nimitz.

Russia — Soviets launch new drive on Nazi's Baltic flank; extend Virtua bridgehead.

ITALY — Americans occupy all high ground of Arno river; Italian, Polish troops launch new drive across Misa river.

CHINA — Chinese, supported by American battleplanes, fight to American Japs in Hengyang area, result of a seasonal decrease in food surpluses.

Utility grade lamb is being given a zero rating, the agency explained, to prevent slow movement into consumption.

New values assigned for pork

See RATIONING, Page 6.

### NAZI ROBOT BOMBS ARE NOW CARRYING INCENDIARIES ALSO

LONDON, Aug. 10.—(P)—German robot bombs now are carrying incendiaries, the ministry of home security announced today.

Examination of the new weapons showed that each of the flying bombs which fell recently in south England carried about 20 incendiaries. The fire missiles are scattered by the force of the flying bomb explosion after the robot bombs earth.

After a 24-hour lull, one of the longest since the Germans first launched their flying bomb attacks, a few of the robots dived over London and the southern counties shortly after daybreak today.

Among those attending the meetings here were Judge Savage, O. E. Baenke, Fort Worth, vice chairman; Earl Orebaugh, Tyler; J. O. Cobb, Waco; Mrs. Mary Ramsbarger, Wichita Falls, and members of the board. B. A. Carter, San Angelo, grand master; Jane Apple, Dallas, president of the Rebekah Assembly of Texas; S. M. Williams, Dallas, grand secretary; and Mrs. Boyd Howard, El Paso, president of the Rebekah Advisory board.

### ROOSEVELT MEETS TOP COMMANDERS OF PACIFIC WAR AREA

#### JAPAN BOASTS HENGYANG CAPTURE MAJOR DISASTER FOR AMERICANS

By J. B. KRUERGER

Associated Press War Editor.

President Roosevelt has concluded a three-day strategy conference at Pearl Harbor with Adm. Chester Nimitz, and Gen. Douglas MacArthur, mapping what he said were new offensives to force Japan to unconditional surrender.

News of the secret meeting—the President's first wartime session with the top commanders in the Pacific—was made known today. The conference ended July 29.

We are going back to the Philippines, the President told newsmen in Honolulu, and MacArthur is going to be a part of the operation. We are going to give the islands their independence.

The President's visit pointed up

### Corsicana Native Wins Silver Star Medal In Italy

Pfc. William C. (Jack) Dempsey, Jr., 19, of Princeton, Ind., native of Corsicana, has been decorated with the Silver Star Medal award and the U. S. Army Combat Infantryman Badge for exploits under fire in Italy, according to information received by his uncle, J. C. Dempsey, 1205 West Fourteenth avenue, Corsicana, and a friend.

Chinese authorities had not acknowledged fall of the important rail city but message from the long besieged city Tuesday said the Chinese defenders had been

defeated. All Slain.

Chinese authorities had not acknowledged fall of the important rail city but message from the long besieged city Tuesday said the Chinese defenders had been

defeated. All Slain.

At the same time Italian and Polish troops in the Adriatic sector launched a new drive across the Misa river line. The Poles attained the first objectives of the thrust and captured Rancavilla, only a mile south of the Cesano river, which is less than 40 miles below Rimini.

The Allied command said 150 men and women found in possession of small arms and grenades were arrested in the roundup of hostile elements, who occupied the area between the Via Del Serragli and the Via Romana, the working men's quarter.

Snipers have been giving the Eighth Army trouble from the moment the first patrols entered the city. This was the first disclosure that Canadian troops were held in the line. Earlier, South Africans had entered and held Southern Florence.

Only minor operations were reported along most of the Eighth

See ITALIAN, Page 6.

### STEPS TAKEN FOR RELIEF POPULATION BESIEGED FLORENCE

#### ONLY MINOR OPERATIONS REPORTED ON ITALIAN FRONT THURSDAY

By NOLAND NORGAARD

ROME, Aug. 10.—(AP)—The Vatican took steps today to help the Allies relieve the desperate plight of the population of Florence, while Canadian troops, aided by 250 Italian patriots, mopped up hostile Fascist elements in the Allied-held southern portion of the city.

Transportation facilities to send flour and other necessities to the Archbishop of Florence, Ella Dela Costa, for distribution to a population suffering from food and water shortages was asked by the Vatican.

Dempsey is the son of Mr. and Mrs. William C. (Jack) Dempsey, Sr., Princeton, Ind. He was born in Corsicana and the family left here when the hero was three years of age. The elder Dempsey was farm boss for the Humble Oil and Refining Company when he resided here.

JUDGE KIRBY MAIN SPEAKER AMERICAN LEGION BARBECUE

W. H. (Bill) Smith, commander of Johnson-Wiggins Post No. 22, American Legion, announced

Thursday that District Judge Fountain Kirby, of Groesbeck, would be the principal speaker for the local Legion barbecue on Friday evening at 7:30 o'clock at Baum's Lodge, several miles northeast of Corsicana. All Legionnaires and Auxiliary members with 104 cards will be admitted free, and there will be a place provided for the payment of dues at the barbecue.

Cadets of the new class at Corsicana Field, Air Activities of Texas, will give a musical feature.

French Boy Saves Bridge.

## SHOW OFFICIALS INTENSIFY EFFORTS COMING EXPOSITION

### LIVESTOCK AND AGRICULTURAL SHOW BE HELD SEPTEMBER 12-16

"With only five more weeks to go, officials of the Corsicana Livestock and Agricultural Show are intensifying their efforts as they see the 1944 Exposition, which will be held September 12-16, as being the greatest in the entire history of this Exposition," R. G. Dillard, Chamber of Commerce manager, stated today.

"Nowhere outside the larger cities of the country will be found a finer display of Hereford and dairy cattle," Dillard declared. Club boys will exhibit and sell at public auction to the highest bidder, 100 head of fine, full-bred baby beefs. The greatest Brahman show to be held in Texas, with entries already streaming into the dozens, will be staged during this show with the leading Brahman breeders in Texas and the Southwest competing for prizes.

The largest swine show in Texas, including special classes for 4-H Club and F.E.A. boys, will be exhibited at this show according to officials. A person will be able to see the benefits of pure bred pig circles which were sponsored by the Corsicana Chamber of Commerce and Sears, Roebuck and Company.

An exhibit which always causes unusual interest will be the hybrid corn exhibit in which some 70 boys will bring the results of hybrid corn grown alongside native corn, portraying the exhibit in such a way that the layman will be able to see the advantages of such planting.

**Much Interest**

Dillard summarized the exposition by saying that the home demonstration departments are already full to overflowing; the work of the negro 4-H club is requiring additional space; the poultry show is going under a larger big top and commercial space and concessions have set an all-time high a this five weeks period prior to show time.

On the Midway will be one of the oldest carnivals in America on its 47th annual tour and in the arena will be five nights of outstanding excitement, where the top hands of the range country will compete in the one and only Texas Championship Rodeo.

All the above exhibits were prepared with not one moment away from vital war jobs," Dillard revealed. "We are merely exhibiting to the world what Central East Texas has actually produced and preserved to help win the war," the show manager declared.

### Information From Navarro County Rationing Board

**TRUCK TIRES**—Any firm authorized to inspect truck tires must have the condemned tire in its possession before releasing any application to the local board. The condemned tire must be beyond repairable and must not show abuse. The dealer must hold the tire properly tagged, for OPA inspection.

**SHOES**—All men in the armed forces are prohibited from receiving shoe ration stamps at local rationing boards. Their needs are to be supplied by the government.

**USED CAR SALES**—Certificates of transfer are necessary for the sale of any used car. These forms must be filled out for any age, any age. Many citizens have mistakenly believed that the selling prices on cars applies only to vehicles released in 1937 or later.

Moreover, the serial number of any vehicle sold must be placed on the certificate of transfer.

**RESTAURANT CEILING PRICES**—If any caterers have not filed three complete signed menu bills of fare, price lists, or records of previous years, he must do so before August 9, 1944. Until such prices are filed and approved by the OPA, no meals, food items or beverages may be sold, and no special charges may be collected.

This ruling applies to restaurants, hotels, cafes, taverns, cafeterias, delicatessens, soda fountains, boarding houses, caterers, establishments, athletic stadiums, field kitchens, lunch wagons, roadside stands, and hot dog carts.

**Barbecue Planned  
Courthouse Employees**

Officials and employees of the courthouse will attend a barbecue picnic at Camp Wanita Friday evening.

The four county commissioners will provide the barbecue. Tax Attorney Edgar Hutchins will furnish the dessert and the individuals attending will bring covered dishes.

No formal set program is to be carried out. Swimming will begin at 7 p. m. with the barbecue to be served one hour later.

**CARD OF THANKS**  
We wish to thank our friends for your kind expressions of sympathy. Mr. and Mrs. A. Ruth, Mr. and Mrs. B. H. Nutt and Family.

## IN UNIFORM

A telegram from Lieut. W. B. Tatum to his wife on Monday stated that he had arrived safely somewhere across the Atlantic. Lieut. Tatum's assignment to overseas duty was the result of an urgent call for two refrigeration engineers, the other engineer having been chosen from personnel at Camp Lee, Va. •••

S-Sgt. Verne L. Gibson, husband of Mrs. Magdeline V. Gibson, of Corsicana, is now serving as an engine mechanic in the engine over-haul section of the largest air service command depot in Britain. Before entering the Air Forces in July, 1943, he was employed as an aircraft and engine mechanic by the Civil Service at Rapid City, S.D.

Lt. Col. J. G. Moore U. S. Army Air Forces, of Ennis, arrived in San Antonio last week after a several months overseas assignment.

at Naples, Italy. It has been learned here, Col. Moore, a native of Navarro county, served in World War I and has been in active service since the summer of 1940. Mrs. Moore left Ennis Monday to join her husband in San Antonio.

A brother, Captain Aubrey L. Moore, U. S. Army Air Forces, is with the Tenth Air Forces in the India-Burma-China area. •••

Mrs. J. V. Noble received word recently that her grandson, Richard Davis Neece, Jr., formerly of this city, has been promoted to Lieutenant Colonel and has received the Distinguished Flying Cross and three other medals. He was a member of the invasion forces in Normandy, and has more than 200 combat hours to his credit.

Joseph Highnote was recently promoted to the rank of sergeant in this post somewhere in France, according to friends. He writes that he is well. •••

Av-C William R. Whitefield, son of Mr. and Mrs. T. F. Whitefield, 821 North Twentieth street, Corsicana, has just arrived at Corsicana from the San Antonio Aviation Cadet Center, San Antonio, Texas, as a member of Class 49-B.

First Lieut. William Croft, Jr., 320 South Thirty-First street, Corsicana, recently passed through an air service command station in England en route to a well-earned rest after 32 missions as a pilot on a B-24. Before returning to the States, First Lieut. Croft was awarded the DFC, Air Medal and

Three Oak Leaf Clusters. He is the son of Mr. and Mrs. William Croft, Corsicana. •••

William C. Danill has completed the four week course in Engineering Equipment at the engineering school, Fort Belvoir, Va. Pvt. Danill is the son of James M. Danill, Dawson, Texas. His wife, the former Mazill Gardin, resides in Richardson, Texas. Before entering the service at Fort Sill, Okla., Pvt. Danill was employed by a paper and pulp company. •••

Mrs. Alice Burge has received a letter from her son, Reddie Allen Burge, who is in a naval hospital at San Diego, Calif., stating that he was to undergo his second operation Wednesday. He had been in the hospital since his arrival there three weeks ago to enter naval training. •••

Ensign Ralph Stell, Jr., who was reported at San Francisco today for further assignments, had the pleasure of a visit with Rev. and Mrs. P. Martin Baker, former Corsicanans, at Carmel-by-the-Sea, Calif., where they were vacationing over the weekend. Rev. Mr. Baker is now pastor of an Inter-denominational church at San Marino, Calif.

AUSTIN, Texas, Aug. 8—(Sp)— Commendation for high scholarship has been conferred on 641 students in the College of Arts and Sciences at the University of Texas by Dean H. T. Parlin, in an honor roll for the spring semester.

The honor students included William Bount Estes, Betty Sue Skinner, and Beth Wilkinson, all in Group Four; Carey Leigh Kinsolving, Group Five.

**Green Perriman,  
Former Corsicanan,  
Died San Antonio**

Green Perriman, former resident of Corsicana, died in San Antonio Monday morning, according to report at San Francisco today for further assignments, had the pleasure of a visit with Rev. and Mrs. P. Martin Baker, former Corsicanans, at Carmel-by-the-Sea, Calif., where they were vacationing over the weekend. Rev. Mr. Baker is now pastor of an Inter-denominational church at San Marino, Calif.

Surviving are his wife, a son, Billy Kirk Perriman, a daughter, Miss Barbara Ann Perriman and other relatives.

## Schedule Woodbine Test Near Kerens

Woodbine test on the H. H. Redford tract, Hiram Bush survey, 1 1/2 miles east of Kerens, is scheduled to begin within the near future by Ryan Consolidated. It has been learned in local circles.

A block of approximately 8,000 acres has been secured. The area has been core drilled and seismograph by several major oil companies. It has been stated, and the rig for drilling the test is to be moved in this week. Should production not be found at the Woodbine, it is possible the test may be deeper.

Rev. Edd Hitt, pastor of White Oak Baptist church of Houston, is now conducting a revival at the Milford Baptist church.

**Report On First Union Mission And Its Work Corsicana**

In obedience to the call of God, 21 years ago I established this work near the P. and S. Hospital which has developed under God's blessing to its present success now located at 108 1/2 North Commerce street.

The work was incorporated in 1929 under the laws of the State of Texas for the purpose of promulgating the Gospel of the Lord Jesus Christ among the underprivileged. Fully one thousand have accepted the Lord, hundreds of marriages have been performed, many sick have been administered unto, much food and clothing has been distributed among the needy. I have freely given of my time and talent, looking to the Lord exclusively for my reward.

I am greatly indebted to the good people of Corsicana for their cooperation and assistance in this work and am earnestly praying that they will continue loyal to Rev. O. Berryhill, who will carry on the Mission work hereafter known as the Full Gospel Tabernacle. Lots have been bought and paid for on North Beaton street and the Tabernacle will be erected as soon as possible.—Mrs. Joe B. Williams, Ordained Missionary.

**Funeral Services  
Mrs. D. R. Adkisson  
On Friday Morning**

Funeral services for Mrs. D. R. Adkisson, age 94 years, who died at her home here Wednesday afternoon, will be held Friday morning at 10 o'clock from the First Presbyterian church with Rev. W. R. Hall conducting the rites. Burial will be in Oakwood cemetery.

A pioneer resident of Corsicana, Mrs. Adkisson was prominent in church and social circles for many years.

No near relatives survive. Pallbearers will be J. D. Carroll, Clifford Tatton, Alvin Gorrell, Arthur Beavers, A. W. Mitchell and John H. Sullivan. Honorary pallbearers, Dr. E. H. Newton, Merritt Drane, Ervin Jordan, elders and deacons of the First Presbyterian church.

**SINGLE GI JOES  
DOING FAIRLY WELL  
IN FINANCIAL WAY**

OMAHA, Neb., Aug. 10—(AP)—GI Joe, routing Germans in Europe and Japanese in the Pacific, is doing all right on the financial front too, says the army—if he's unmarried.

Compared with the civilian worker in the same category, Joe is making more net earned income than a single man back home who gets a salary of \$3,600 a year, according to figures released today by headquarters of the Seventh Service Command.

The newly private gets but \$800 a year but he has \$420 left after his essential expenses are paid. That's more than authorities contend, then the bachelor back home has after he has paid taxes, living expenses and bought the same incidentals Joe gets free.

Of course no one, least of all the army, claims Joe isn't making a sacrifice in leaving his life and limb, being away from his family and friends, and leaving his schooling or business. But dollar for dollar, he's ahead of his civilian brother, the army says.

Joe M. Pillans, Pioneer Resident, Buried Wednesday

Funeral services for Joe M. Pillans, age 62, pioneer resident and businessman of Corsicana, who died Tuesday afternoon, were held Wednesday afternoon at 5 o'clock from the Corley Chapel with Revs. J. Cartridge and W. F. Rogan conducting the rites. Burial was in the Winkler cemetery with Masons in charge of the services at the grave.

A resident of Corsicana for many years he was well known here. He operated a grocery store and other mercantile establishments here.

Surviving are two sisters, Mrs. W. W. Evans, Corsicana; Mrs. Linda Benson, Corsicana; three nephews, Sgt. David Pillans, U. S. Army; Capt. William Evans, U. S. Army; Pvt. William W. Evans, U. S. Army; three nieces, Mrs. Martha McDonald, Dallas; Miss Billie Mae Pillans, Corsicana; Miss Linda Pillans, Boston and other relatives.

Rites Held At Rice Thursday Afternoon For J. R. Pollan

Funeral services for J. R. Pollan, age 73 years, who died at his home in Rice Tuesday afternoon, were held from the Rice Methodist church Thursday afternoon at 2 o'clock with Revs. W. H. Day and M. C. Bledsoe conducting the rites. Burial was in the Rice cemetery.

A native of Mississippi, he had resided in the Rice community since 17 years of age. Surviving are his wife, Mrs. Ora Lee Pollan, Rice; two sons, James Lee Pollan, Abilene, and S. B. Pollan, Longview; two daughters, Mrs. W. M. Hayes, Mrs. S. E. Butler, both of Dallas; three grandchildren, James Lee Pollan, Jr., Lt. W. M. Hayes, Jr., U. S. Army, and Bettie Frances Butler; a brother, J. A. Pollan, Rice, and a number of nieces and nephews. Pallbearers were L. M. Pollan, S. B. South, Clarence Mahaley, John Spencer, Ernest Cummins and C. A. Nowlin.

Sutherland-McCommon Funeral is directing arrangements.

**CARD OF THANKS**

We wish to thank our friends and loved ones for their loving kindness during the illness and death of our dear husband, father and grandfather. We also thank them for the many beautiful floral offerings. Especially do we thank Dr. D. Miller and Dr. Newton for their kindness during our trouble. May God bless each one of you—Mrs. J. B. Ingle, children and grandchildren.

## FALLEN VICE-PRESIDENTS

Vice-President Wallace's defeat for renomination makes him the third vice-president to suffer this fate. Schuyler Colfax, Grant's running-mate in 1868, became involved in financial scandal that made his renomination unsafe, even in the lax days following the Civil War. Wallace's case, of course, does not even remotely resemble Colfax's.

A closer parallel is the career of Hannibal Hamlin, vice-president under Lincoln. Although his opinions and records were thoroughly satisfactory to Lincoln, the probable closeness of the 1864 campaign made the party managers anxious to secure a broader base for the ticket. Hamlin therefore, with Lincoln's consent, was dropped for Gov. Andrew Johnson of Tennessee, a War Democrat. Hamlin in consolation was a few years later elected United States senator from Maine.

Wallace had so many ardent followers that he is not likely to disappear soon from public life. An interesting point is that he seems to have so many more ardent followers after the convention than while the voting was going on. Whether this is because he and his proponents made such a good impression that people not sold on him previously became his adherents too late, or whether people liked him well enough to talk about it but not quite well enough to go down the line and actually have their votes recorded for him is not quite clear.

Perhaps his future will resemble Hamlin's. At any rate, a rather dull political season is given more color by his presence.

## RIMINI

Following the Gothic line from west to east one comes finally to the city of Rimini, beautifully set on the Adriatic. It has extensive fisheries, silk spinning establishments and is famous as a bathing resort, but the mind goes back to the old story of the beautiful and unfortunate Francesca da Rimini.

Francesca's father, lord of Ravenna, made arbitrary arrangements, usual in the their thirteenth century, for his daughter's marriage. It was politically a good match, for Giovanni the Lame was son of the powerful podesta of Rimini, but it was doomed from the beginning. Giovanni sent his younger brother Paolo to bring his bride to Rimini. Paolo was handsome, and the two fell naturally and inevitably in love. Francesca tried to make Giovanni a good wife, but he became suspicious, then jealous and finally killed Francesca and Paolo both. The tragic tale has been told again and again, most notably by Dante, but more recently by D'Annunzio, Tschiaowski and others.

At Rimini, also, in 49 B.C., Julius Caesar began the war that made Rome an empire. In the twentieth century, however, the Allies fight not for world empire but for world peace.

## OLD AXIS CUSTOM

Assassination is an old Axis custom. The latest Nazi purge is only the most spectacular in an almost continuous series since Hitler's rise to power. Conspicuous victims were Gen. Werner von Fritsch, former chief of staff who met death mysterious on the Eastern front, and former Chancellor Gen. Kurt von Schleicher, a pret-

SUMMER SCENE.  
Under the blazing sun he stands,  
Throws back his hair with sweaty  
hands  
And rather sorrowfully eyes  
The horses fretted by the flies.

The dog beside him pants for air  
And looks upon his master there,  
As if to say: "the sun's too hot!  
I know where there's a cooler  
spot."

The harness rattles. From a tree  
A crow is cawing lustily.  
And riding by I see him there  
And comes to mind one line of  
prayer.

Gueil the sun and long the row  
Horses and man and dog must  
go.  
Father, how often this I've said:  
"Give us this day our daily  
bread!"

cessor of Hitler's as the head of the state.

Japan can tell the same story. She has had her liberal statesmen, like Premier Gen. Ta Kashi Hara, murdered a dozen years ago by the militarists. In fact so many have been killed that the breed is pretty well rooted out.

We have our faults and our party passions, but we curb them a long distance this side of assassination.

## THE GOTHIC LINE

Nobody seems to know exactly why the Gothic Line is called by that name. Experts in research and foreign affairs have been unable to find out. One finally decided that the Germans seemed to name such lines without much reason: Hitler Line, Gustav Line, Gothic Line. Not far north of that line, however, Gothic and Germanic culture and architecture begin. Looking south from Germany, "Beyond the Alps lies Italy," with all its richness of agriculture and art.

There is definite racial connection between Germans and Goths. Three nations successively sacked Rome—the Goths, the Huns and the Vandals. In the last war, the German was called the Hun. In this war he himself seems to have taken the Goth as a national hero bent on loot and conquest.

Of all the barbarian tribes who overthrew the Roman empire and established the states of medieval Europe, the Goths were for centuries the Romans' most formidable enemies. They built two powerful states, Ostrogoths, or East Goths, in Italy, Visigoths, West Goths, in Spain. Others made their way to the Crimea and Asia Minor.

Long after their end as a nation the Gothic name survived in a connection, not rightfully associated with them. Gothic architecture was not their invention, but a later style, so called in the 15th century by people who did not like it, using "Gothic" as a term of disapproval.

## ONE IS TOO MANY

Strikes make the headlines, but are not so serious in proportion to the actual amount of work being accomplished as they sometimes appear. In June, according to the United States Bureau of Labor Statistics, idleness accounted for only one-tenth of one per cent of available working time. In May, the highwater mark for the year, it was only 0.19 per cent. Work stoppage of any kind should be strongly discouraged, but perhaps people have been too excited about them.

Strikes seem to be rising again, however, at a time when the nation needs steady production as never before. Soldiers must wait long before settling grievances and getting wages raised. Cannot workers wait just a little, now when the waiting is so important?

## TRAIN RIDERS

Everybody knew it all along, but here is confirmation. The Burlington Route, which recently surveyed its passenger business, announces that three-fourths of the people riding trains today traveled otherwise before the war. Mostly, of course, they drove.

So if you have to stand from Chicago to Keokuk, or St. Louis to Kansas City, don't blame the railroads. Blame the Japanese who stole our rubber. Blame the Germans and Japanese both who made war unavoidable.

## Family Reunion Over Week-End In Home Mrs. Bonner

The arrival of Lieut. John Bonner, Jr. and wife from Tallahassee, Fla., on Thursday was the inspiration for a family reunion in the home of Lieut. Bonner's mother, Mrs. Etta Bonner, over the weekend, since his assignment to command duty is scheduled at an early date.

Among those who arrived to bid him farewell were the following members of the family: Rev. and Mrs. L. E. Harris and daughter, Karen Jean, of League City; Mrs. Clayton Kent and daughter, Kathy Jo of Midland; Mrs. Bob Lee of Corpus Christi; Mr. and Mrs. W. H. Harris and sons, Kenneth, Charles and Weldon, and Mr. and Mrs. Luther Greer of Eureka, and Mr. and Mrs. Tom Harris of Ozona, parents of Mrs. John Bonner, Jr. Carroll Harris of League City, who is serving the summer with his grandmother, who is also a member of the family party, and Yvonne, Second Class Bob Lee of Corpus Christi came by plane on Sunday to spend the day with the family.

Lieut. and Mrs. Bonner accompanied Mr. and Mrs. Harris to Ozona on Friday for a short visit. On Sunday, Lieut. Bonner took a plane to Ellington Field to receive further instructions, and spent Sunday night with his brother, Rev. L. E. Harris, and family at League City. On Monday morning, Lieut. Bonner left for Tallahassee to report for combat duty.

Members of the local family party left for their respective homes on Sunday, Miss Joyce Franklin having accompanied Mrs. Bob Lee to Corpus Christi for a short visit. The only absent member of Mrs. Bonner's family is Mrs. Tom, Pvt. Merrill Davis of the U. S. Marines, now stationed at Oceanside, Calif., who had a visit with his mother by telephone.

## City and County Stores Are Checked

Of the 175 grocery stores price-checked in Navarro county July 1, 42 per cent were in violation of price and 14 per cent were in violation of posting prices, the county was price and rationing board price panel announced today. Only 24 per cent of the store were in full compliance.

Officials on the panel concurred in the opinion that unless every Navarro county and Corstean, becomes price-conscious, and reports price violations, the board is powerless to hold the line against inflation. All reports made by citizens are held confidential, and are not harmful to the grocer. Rather, they are helpful, since the grocer sometimes is innocently in violation.

Strikes make the headlines, but are not so serious in proportion to the actual amount of work being accomplished as they sometimes appear. In June, according to the United States Bureau of Labor Statistics, idleness accounted for only one-tenth of one per cent of available working time. In May, the highwater mark for the year, it was only 0.19 per cent. Work stoppage of any kind should be strongly discouraged, but perhaps people have been too excited about them.

Strikes seem to be rising again, however, at a time when the nation needs steady production as never before. Soldiers must wait long before settling grievances and getting wages raised. Cannot workers wait just a little, now when the waiting is so important?

## TRAIN RIDERS

Everybody knew it all along, but here is confirmation. The Burlington Route, which recently surveyed its passenger business, announces that three-fourths of the people riding trains today traveled otherwise before the war. Mostly, of course, they drove.

So if you have to stand from Chicago to Keokuk, or St. Louis to Kansas City, don't blame the railroads. Blame the Japanese who stole our rubber. Blame the Germans and Japanese both who made war unavoidable.

## S-Sgt. French Is Awarded Silver Star Decoration

Staff Sgt. E. P. French, 24, Battery A, 133d F. A., 38th Division, has been awarded the Silver Star decoration, according to information received by his wife, Mrs. Geraldine French, 307 South Fifteenth street.

The citation reads: "For gallantry in action on April 24, 1944, in the vicinity of Avelino, Italy. When the gun section's equipment burst into flames, the heat exploded anti-tank and small arms ammunition and grenade which burst over a radius of twenty yards, propelling deadly fragments in all directions.

"Aware that the fire endangered the battery motor equipment and vehicles, Sergeant French and a comrade braved the exploding ammunition and the blazing holocaust to smother the flames with fire extinguisher and shoveled sand.

"Although his comrade was wounded by shell fragment, he and Sergeant French were successful in extinguishing the fire and saving much irreplaceable equipment. His gallant action reflects great credit upon himself and the Artillery Company of the United States."

The comrade referred to is Tom M. Peebles, Technician Fourth Grade, Battery A, 133d Field Artillery, 38th Division, who also entered the service from Corsicana as a member of a National Guard Unit when it was mobilized and federalized in Nov. 1940. He was also awarded the Silver Star decoration.

French has also been awarded the Purple Heart decoration being wounded in action in September 1943. He is the son of Mrs. E. P. French, 411 West Tenth avenue.

Fred McMurphy has returned to Austin following a week end visit with his family.

Plumbers, fittings pipe, Crane Co., fixtures, water systems, Sherwin Williams paint, automotive supplies, U. S. Tires, industrial supplies tools, belting.

## State Ticket Is Planned By GOP

Two Corsicana Democrats, nominated for state and federal offices in the first Democratic primary election in July, will have Republican opponents in the general election in November.

Claud W. Gandy, Paris flour mill operator, will oppose Beauford H. Jester, incumbent and Democratic nominee, for the railroad commission post. Jester is chairman of the Texas Railroad Commission.

Charles W. Beck of Hillboro will oppose Congressman Luther A. Johnson, recently nominated for his twelfth term as Representative from the Sixth Texas district.

The Republican nominees were announced at the stated Republican convention Tuesday in Dallas. Johnson is vice chairman and ranking Democrat of the House's Foreign Relations committee.

CARD OF THANKS.

We wish to thank our friends and loved ones for their loving kindness during the illness and death of our dear husband, father and grandfather. We also thank them for the beautiful floral offerings and the nice lunch. Especially to we thank Dr. Dunn for his kindness during our trouble. May God's richest blessings rest upon each and everyone in our prayer. Mrs. K. H. Staggs, Children and Grandchildren.

## PRESIDENT

CONTINUED FROM FIRST PAGE  
Mr. Roosevelt turned his visit to the birthplace of the war highly successful three days. He bantered and smiled, he swapped stories with Pacific war correspondents and white house reporters.

We are going back to the Philippines, Mr. Roosevelt said, and MacArthur is going to be a part of the operation. You can't say, he smiled, whether the General is going back directly or by way of South Africa but he is going back and we are going to give the Indians their independence.

Our goal still is unconditional surrender for all our enemies, he said. Whatever is required, he continued, we are going right through to clean up the Japanese.

**Tours Island**  
The President visited virtually every military operation on the island from a deadly advanced training course in jungle fighting to the hospital cots of the wounded from Normandy and the Marshalls. He received the Seventh Division veterans of Attu, Kiska and Kwajalein.

He made seven brief talks in two days, frequently delivered to servicemen who looked up from their jobs in surprise to see the President of the United States rolling up in a jeep on a steep, rocky, open-topped trail.

Mr. Roosevelt likes Panama but seems to make no complete rounds among the military units which surrounded him. He waved and nodded from his open car to the passing rows of soldiers, sailors, marines and service women.

**Attack Scars Gone**

Virtually all scars of the Japanese attack had disappeared from the island long before the President put into Pearl Harbor, which he last visited 10 years ago. In place of the wreckage were acres of fighting planes, tanks and other battle equipment. He saw sugar cane plantations of two years ago now converted into forests of war equipment, and land reclaimed from the sea to become a huge air base.

During his stay Mr. Roosevelt and his staff talked with Lt. Gen. M. H. Harmon who based army operations throughout the Solomons. Vice Admiral Charles A. Lockwood, commander of submarine operations in the Pacific; Rear Admiral Charles A. Downard, commander of the Pacific fleet air wing, and many others.

**Appeared Impressed**  
The President appeared tremendously interested by the speedily development of all military functions of the island. He made several references to both in his news conference and in brief talks he made here and there.

Mr. Roosevelt said he asked General MacArthur to take great care from the chief executive to the men on the Pacific fighting fronts and to tell them we are as anxious to bring them back as soon as the safety of the country will permit.

The President was accompanied to Hawaii by White House military aide, Admiral William D. Leahy who is chief of staff to the president; Maj. Gen. Edwin M. Watson, his military aide; Rear Admiral Wilson Brown, naval aide; and Rear Admiral Ross T. Merton, sergeant general of the navy and the President's personal physician.

Also in the group were Samuel

## A GOOD FATHER'S BAD SONS BROUGHT DISASTER TO NATION\*

Dramatic Tale of Eli and Sons Has Present Parallels—Place of Family Discipline in Reshaping World—A Minister's Mission Today.

By WILLIAM T. ELLIS  
Out of the dim past comes this dramatic story of a national leader, the high priest of the Israelites, who was a good man but a poor father, whose sons brought disaster to their ministry just a job.

Every parent should be ashamed with the clear word of God for these times. I am appalled by the sermons I hear which are more ethical essays, with no recognition of our day's supreme emergency.

Time became the leader of Israel.

There is the beautiful tale of the dedicated child Samuel, who in

the heat of the moment, became the leader of Israel.

There is the misleading proverb

about the tendency to waywardness on the part of preachers' sons and deacons' daughters. The saying is not true, for many statistical studies have shown the preeminent place among successful men and women won by those who were children of the masses. The best fate that can befall a babe is to be born into godly clergymen's family.

**Failure as Fathers**  
But some ministers, like Eli of old, are too easy with their sons. They do not exercise discipline, but the religion and the family suffered. However, distinguished as preachers, such men may be, if they fail as fathers they fail fundamentally.

No misfortune in business is comparable with failure as head of a family. Every man's success, and highest responsibility, is with his children. And worthy sons and daughters, and grandchildren, are the greatest happiness that can come to mortals.

More important than all the conferences and mass meetings directed toward post-war planning is the family life of the people. In a very real sense, the ultimate victory of the world will be won in the home of the nation, where the problem of juvenile delinquency is to be met; there are to be established the standards of the good life which create happy homes that will produce men and women fit for the new day. Even though father be active in a service club and in the chamber of commerce, and even though mother may be a woman's club leader and an enthusiastic worker for war causes, they are likely to be failures after the Eli type.

**An Old Man's Tragedy**  
For forty years Eli had ruled Israel as high priest; at the time of our lesson he was ninety-eight years old. He was personally a good man, with a deep concern for religion and its emblem, the Ark of the Covenant.

But his sons, Hophni and Phinehas, were grafters and rakes. They used the high priest's privilege as a cloak for oppression, theft and shameless living. Their conduct brought disgrace upon Eli and scandalized the nation.

An unknown man of God boldly warned Eli that he was responsible, and that the priesthood should pass from his family. A similar message had been given in the night to the boy Samuel, about whom we shall study next week.

The climax came with a great battle with the Philistines at the end of each monthly ration period, rather than every fourth Sunday. The number of points provided will be 20 or 40, depending on the length of the ration period.

Under this plan, a new set of stamps, probably three good for a total of 30 points, will be validated Sept. 2, rather than Aug. 27.

**Reminder on Ration List**  
Except for cheaper cuts that have been point free since May 4, the three top grades of beef and lamb, choice, good and common, remain on the ration list.

The new chart list from or country butler at 12 points a pound, up to eight points, and process butter at six points, will end

Such cheeses as cheddar and colby are raised two points a pound to a new value of 12 points. Cream, macaroni and creamed cottage cheese go to six points a pound. French, Swiss, Italian, Munster and Limburger are assigned a new value of eight points a pound, up from four.

**RUSSIAN**

CONTINUED FROM FIRST PAGE  
15 to 75 was drafted to dig trenches against the imminent entry of the Red army onto the "holy" soil of East Prussia.

Of all the sectors on the eastern front, however, the bulge beyond the Vistula apparently held the greatest terror for the Nazis. It has been eating like acid into the German defenses, and it extends painfully against Irena roads and rail lines connecting Krakow and Warsaw.

In the fighting at the southern end of the front, the town of Skolo was captured. The town is in the narrow Carpathian valley, where the road and railroad wind up to the Beskid Pass and the Czechoslovakian border 20 miles away.

**FOOD**

CONTINUED FROM FIRST PAGE  
000 and 20,000,000 tons. Included are items such as meats, butter, powdered and evaporated milk, cheese, canned and dried fruits and vegetables, beans, peas, lard, shortening, sugar, and flour.

Supplying demobilized officials, expecting a quick demobilization of the armed forces, say these stocks would go a long way toward meeting relief needs, the size of which, they say, is not expected to be anywhere near the forecasts made before Allied armies moved into Europe to find the food situation better than it had been pictured.

To our bewilderment, as a whole the preachers of our land have not risen to this hour of opportunity. Perhaps this is because of the wane of pacifism that so long engulfed

Thunderbolts strafed and silenced every one of the approximately 60 anti-aircraft gun-guards of the field, enabling the Marines to hold at St. Omer.

In all operations, 17 Allied planes were lost against the destruction of one German aircraft.

Lient. Judith Polk Bennett has arrived in Corsicana from Fort Knox, Ky., to visit in the home of her parents, Dr. and Mrs. L. C. Polk.

## PRODUCTION

CONTINUED FROM FIRST PAGE  
director of FFB's bureau of planning and statistics after the Army had presented vigorously that its conclusions might obscure critical needs for certain weapons.  
The statisicians V. Lewis Bassie and Irving Kaplan, promptly offered their resignations. These have not been accepted, and there were signs at WFB that they won't be. Nelson in his statement called Bassie and Kaplan "capable" and said the two men were "completely convinced that the study

was objective and technically valid." Informed sources said the document indicates there are abundant supplies of nearly all ordnance items for the army ground forces, though serious shortages in components of heavy trucks.

## Attorney General GROVER SELLERS Accepts The Issue

He refrained from personalities during the first primary, while his hold-over senator opponent based his campaign on a personal attack on the Attorney General's private and public record. Grover Sellers now has ACCEPTED THE ISSUE. Judge Sellers challenges the voters of Texas to choose their next Attorney General on the record of the two candidates. For their Information, HE WILL READ THE RECORD on the issues chosen by his senator opponent. Texans, interested in good government for their State, have made several radio broadcasts available to Judge Sellers.

### PACIFIC WAR

CONTINUED FROM FIRST PAGE

slain almost to the last man. Since then there has been no news from Hengyang.

"Although the city actually was garrisoned by Chungking soldiers," said the Japanese radio, "its defense and desperate resistance of

forced during the past few weeks was entirely directed by American officers." No allied source has confirmed the presence of Americans at the crucial battle.

Guam Resistance Ends.

The last organized enemy resistance on Guam ended Tuesday, Adm. Nimitz disclosed. The end came after 19 days of rugged bat-

tling. Hungry, ragged and cornered, the enemy garrison was chewed to bits by explosives from warships, planes and troops.

The first U. S. soldiers to join the China ground fighting fired anti-aircraft guns point-blank at Japanese position on Sunshan mountain in Yunnan province. Capture of Sunshan would clear a 25-mile stretch of the Burma road west of the Salween river.

In North Burma allied troops captured Tanigni, 10 miles below Mogauing on the road to Mandalay.

Systematic reduction of Japanese pinned in the New Guinea pocket brought the total of enemy dead to at least 7,007, Gen. MacArthur reported.

U. S. PACIFIC FLEET HEADQUARTERS, Pearl Harbor, Aug. 10—(UPI)—The virtual reconquest of Guam after 10 days' fighting was announced last night.

Adm. Chester W. Nimitz, Pacific commander, said in a communiqué that a final thrust Tuesday brought all of Guam into American hands again, except for a small area inland from Patti Point, the island's northeastern extremity.

In the mopping up on Guam the final pocket of ill-fed, ragged and battered Japanese was under continual aerial, naval and artillery fire. Patrolling warships and vigilant troops guarded against escape by sea or land. The Nippone, limited to small arms, had no heights from which to make a final battle.

Al Dapking, Associated Press frontline correspondent, reported jungle trails were strewn with enemy dead. In addition to 10,000 already buried by the Americans and an unknown total by the Japanese themselves.

Allies Capture Taungni.

SOUTHEAST ASIA COMMAND HEADQUARTERS, Rangoon, Ceylon, Aug. 10—(UPI)—Allied troops on the road to Mandalay in Northern Burma have captured Taungni, 10 miles southwest of Mogauing, after outflanking Shinau, allied headquarters announced today.

Shinau, about midway between Taungni and Mogauing, on the railroad, fell to troops of the Third Indian division, who found many Japanese dead and much abandoned equipment in the village, headquarters declared.

Japs Claim Subs Sunk.

NEW YORK, Aug. 10—(UPI)—The Tokyo radio said today that Japanese coastal torpedo patrol planes had attacked "two enemy submarines in waters near the Japanese mainland" yesterday and asserted that both "had been accounted for."

CONGRESS

CONTINUED FROM FIRST PAGE

actions on the senate floor of Herbert E. Schimmel, attaché of a military subcommittee. Wherry told reporters he had been informed Schimmel "is in constant contact with the political action committee of the CIO."

Wherry, noticing Schimmel speaking to Senator Overton (D-La.) in the presiding officer's chair, demanded to know how a non-member got that right. Overton explained that Schimmel just wanted to know how many senators had listed their names on the speaking

list. Wherry later told reporters that "neither the political action committee nor any other committee with special interests to serve

brought to have a representative on the floor." But Senator Kilgore (D-W. Va.) head of the subcommittee, told a news conference his group had

borrowed Schimmel from the war production board, that he had no connection with the CIO and was on the Senate floor at the request of himself and Senator Murray.

## DAIRYMEN URGED TO IMPROVE HERDS AND MANAGEMENT ALSO

FORT WORTH, Aug. 10 (UPI)—Texas dairy farmers "must exert every effort now to improve their herds, get rid of those one-gallon cows and replace them with four-gallon cows, improve pasturage, study feeding and equip themselves with all the labor-saving machines possible," says President C. N. Shepardson of the Texas Dairy Products Association.

Dairy farmers can "milk a one-gallon cow with a \$1-a-day man, but they can't milk a one-gallon cow with a \$4-a-day man," Shepardson, who is chief of the Texas A. and M. College dairy husbandry department, yesterday told a sectional meeting of dairy and creamery operators of North and Central Texas.

"High wages always slip back a little after a period of inflation like the present, but they never go back altogether to the point where they were before," he said.

## Two Soldiers From Overseas Duty To Visit Home Folk

Two more soldiers, one from Corsicana and one from Angus, are returning home from overseas duty according to a report from the public relations office, Eighth Service Command, Dallas.

Cpl. James B. Richards, returning from 63 months overseas with the Infantry in Hawaii and other South Pacific Islands, has arrived at Fort Bliss, Texas prior to visiting his mother Mrs. Mario Richards, 521 West Second avenue, Corsicana.

Pfc. Clay D. Reed is now stationed at Camp Beauregard, La., after returning from 28 months overseas with the Army Air Forces in the North African theater of operations. He will visit his wife, Mrs. C. D. Reed, and his parents, Mr. and Mrs. H. C. Reed, Angus, Texas.

## Reunion Is Enjoyed By Brothers in Navy

Two brothers now serving in the United States navy, Billy E. and John T. Cooper, both on duty in the Pacific theatre of operations, recently met and enjoyed "chow" and a picture show together, according to information received by their parents, Mr. and Mrs. G. C. Cooper, Barry, Route 1.

They were quoted by their parents as saying, "It was the happiest evening they had spent in a long time. The brothers had not seen each other in two and one-half years. They wrote that they were in excellent health and liked the navy life fine."

Another brother, Herschel E. Cooper, is now on duty in the European theatre of operations.

## Married Recently At Norman, Okla.

Kenneth Mills Roxburgh, 20, Y-2-C, U. S. Navy, and Nancy Trilivita, Y-3-C Ware, U. S. Navy, were married Aug. 4, at 8:45 p. m. at Norman, Okla. in the home of Lt. Commander H. M. Forgy, Navy Chaplain, according to a letter received by the bridegroom's grandparents, Mr. and Mrs. George L. Roxburgh, 1719 North Beaton street.

The double ring ceremony was performed before a few close friends. The best man was John T. Willingham, Y-1-C. The bride, now serving with the Waves, comes from Seaford, Delaware.

The bridegroom entered the service in October of 1942, and is a graduate of the Corsicana high school.

## Government Opens Drive Keep Boys, Girls In School

OFFERING TO INCREASE ENROLLMENT AND TO KEEP BOYS AND GIRLS of high school age in classes until they complete their courses, the United States Office of Education, with the assistance of other government agencies, has opened a national go-to-school drive.

FEDERAL STATISTICS SHOW A DECLINE IN HIGH SCHOOL ATTENDANCE of more than 1,000,000 students in the last three years, and a steadily increasing number of boys and girls of high school age taking full or part-time war jobs. To keep these students in classes the Office of Education and the Children's Bureau have united all community groups, including teachers, parents, employers, labor organizations, civic leaders, welfare agencies, youth-service organizations and youth itself to join in supporting local GO-TO-SCHOOL drives.

SINCE 1940-41, THE PEAK ATTENDANCE YEAR OF AMERICAN HIGH SCHOOLS when 7,250,000 students were enrolled, enrollment gains since 1934 were wiped out. Our high schools are now educating only as many students as they did ten years ago, the agencies report.

STATEMENTS FROM THE HEADS OF FEDERAL AGENCIES CO-OPERATING in the school drives stress the need of education for success in both war and post-war periods. You want this country to be prosperous," said John W. Studebaker, United States Commissioner of Education, in a letter to the youth of America. "But this country can do its duty only if its citizens continue to 'know how.' The best place to get ready for tomorrow is in high school."

## Information From Navarro County Rationing Board

Following are the changes in the meat-fats point values (listing in order the new value and the change).

Beef (Utility or C Grade Only): Steaks: Porterhouse, O, down 14; T-bone, O, down 14; Club, O, down 14; rib-10-inch cut, O, down 10; 6-7-inch cut, O, down 10; Sirloin, O, down 13; Shriek, boneless, O, down 15; round (full cut) O, down 5; top round O, down 15; bottom round, O, down 15; round tip, O, down 15; chuck (blade or arm) O, down 15.

Roasts: Rib-standing (chine bone on) 10; inch cut O, down 8; rib-standing (chine bone on) 7-inch cut O, down 10; round tip, O, down 13; rump, bone in, O, down 8; rump-boneless, O, down 12; chuck (blade or arm) bone in, O, down 5; chuck or shoulder-boneless O, down 6; English cut, O, down 5.

## NAVARRO COUNTY CONTRIBUTED MANY DIMES TO CAMPAIGN

Navarro county citizens have contributed \$1,365.86 in the March of Dimes campaign this year in the all-time record in the nation, according to Embry Ferguson. The campaign in this county was sponsored by the Junior Chamber of Commerce in the fight against polio.

The nation has contributed an all-time record of \$10,673,491 to the 1944 Fund-Raising Appeal of the National Foundation for Infantile Paralysis, according to a release from Basil O'Connor, foundation

president, who has asserted that the donations will enable an expansion of the war against the children's enemy on the home front.

Outbreaks of polio occur in various sections of the country, with twelve states of the union now reporting a higher number than in ordinary years.

One half of the amount secured in each county is retained in those areas for work among infantile paralysis victims, and the other one-half goes to the National treasury.

## NO COMMENT FROM BURKE AS TO VOTE ELECTORAL COLLEGE

### Plane Crashes Near Emhouse; None Injured

A B-24 bomber plane on a test flight from the North American factory near Dallas crashed and burst into flames east of Emhouse about 10:50 a. m. Tuesday, according to Deputy Sheriff Sam T. Curry and Billie Burton who returned from the scene of the accident at 12:45 p. m.

The four occupants, the test crew, bailed to safety, the officers were informed. The plane began losing altitude, the officers stated at 10,000 feet, and the crew started parachuting to safety at about the 4,000-foot level. The crew members jumped in Ellis county, while the huge craft continued several miles to Navarro county and settled down finally in a cotton patch on the Fortson ranch in Chambers Creek lowlands near the old channel. Mr. Green, tenant, was hosing cotton at the time and reported to the officers the bomber almost fell on him. Approximately one acre of land was burned. The officers reported the plane was still burning when they returned to Corsicana.

Two of the four-man crew had been rescued in Ellis county when the local officers returned to Corsicana during the noon hour.

A farm boy was quoted as saying he saw four parachutes in the air a short time before the crash.

The two deputy sheriffs, State Highway Patrolman Byron Curran, ambulances from Sutherland-McCann and Corley's and officers from Corsicana Field, Air Activities of Texas, answered the call.

As soon as the flames subsided, wrecker crews are expected to determine the cause of the crash.

A number of gun shells were reported in the plane, but it was not known at the site of the fire whether they were live ammunition or not, and the danger of exploding from fuel tanks not burned.

The officers said that the crew had radioed to the North American plant they were in trouble and bailing out before they left the ship.

### Pilot and Co-Pilot Of Plane At Ennis

DALLAS, Aug. 8 (UPI)—North American Aviation, Inc., said today that a B-24 bomber on test flight crashed and burned near Emhouse, between Ennis and Corsicana, after four crewmen had bailed out at 11,000 feet.

Don Walters, pilot, and Roy Carter, co-pilot, telephoned the plant shortly after 1 p. m. today from Ennis where they had gone after parachuting to safety. Walters said he had seen parachutes of the other crewmen open, and believed they were safe.

North American said it was the first of more than 12,000 such ships built at its plant at Grand Prairie, from which the crew had to bail out.

**Parking Meter Receipts.** Receipts from parking meters this week showed an increase, according to figures released Thursday morning at the office of J. P. Welch, city secretary.

This week's receipts were \$241.50 as compared with \$231 last week, an increase of \$10.50.
